

# Pelon Marina Cabin Upholstery Materials

## Application

Upholstery material for boats.

## Flammability

Self extinguishing according to FMVSS 302.

## Materials

Pelon Marina upholstery material is designed and developed in cooperation with Finnish boat manufacturers. The design of the material has been done considering the requirements of the installation process as well as the conditions in which the material is used.

The upholstery can be installed mechanically or by using a carpet adhesive resistant to PVC and temperature variations.
